

Rotair Warranty Statement

Description

Rotair Portable Air Compressors, sold in the U.S.A. and Canada by FTG Equipment Solutions, 399 North Virginia Avenue, Carney's Point, NJ, are warranted to be free from defects in materials and workmanship for one year following the date of invoice, or 2000 hours, whichever comes first. Excluded in this warranty are tires, batteries, filters, belts, hoses and other components commonly referred to as "consumables." FTG Equipment Solutions will supply new or factory reconditioned replacement parts and reimburse the authorized service facility of its choice for reasonable labor to make necessary major repairs. For repairs that do not require a skilled technician, FTG will supply the replacement part only. Engines, tires, batteries and some other components may be warranted by the individual manufacturer.

FTG Equipment Solutions further warrants the Rotair Air-End and Mechanical Coupling for a period of Five-Years, with Unlimited Hours, from date of invoice, provided compressor is serviced at factory recommended intervals using fresh (not re-cycled or re-refined) fluids of factory specified quality, as well as Genuine Rotair filters. Exclusive DNA infused fluids are not required. This warranty is provided free of charge only for compressors sold by FTG Equipment Solutions in the U.S and Canada. Air-End repairs and/or replacements will be determined and executed on an individual basis. Please contact FTG for advisement.

Terms of Responsibility

FTG is not responsible for lost wages, cost of downtime, missed rental revenue, clean-up or any other incidental issue that may be caused by a warranted Rotair product.

To Obtain Warranty

Contact FTG Equipment Solutions, Inc. , 399 North Virginia Avenue, Carney's Point, NJ 08069, (855) 303-7900. Or, contact sales@ftgequipment.com.

Disputes

FTG Equipment Solutions will do everything possible to resolve any dispute that arises from a warrantable product failure. However, FTG reserves the right to make final decisions with regard to warranty repairs, including transportation, parts and labor.

Complete Warranty

This is the complete and only warranty for Rotair portable compressors sold by FTG Equipment Solutions in the U.S. and Canada. FTG assumes no warranty responsibility for Rotair Compressors sold by any other distributor, or any compressor that is imported into to U.S. by anyone other than FTG.
